

FEBRUARY, 1979

Next Meeting

This month our esteemed Hon.Sec. Dick Brooks, G3WHR has kindly agreed to give us a talk on one of his many talents; this time it's "The use of R.F. Power Transistors". The pace of R.F. transistor development is still prodigious and it's very difficult to keep up with the latest information. Give yourself an update and come along to the meeting which will take place on Tuesday 6th February at Marconi College, Arbour Lane, Chelmsford commencing at 7:30pm.

Committee Meeting

Wednesday 14th February (!) 7:30pm Wheatsheaf.

Raffle

It has been decided to increase the value of the raffle prizes in keeping with the club's financial position. Any suggestions for suitable prizes should be made to Bernard, G6RM.

Field Day

Yes, this is another appeal for operators and general assistance for the June weekend. Suggestions and offers of help should be made to John, G3KRZ who is coordinating the organisation of our effort. The next meeting for those interested is on Wednesday 21st February at 8pm, the location being John's house at 112, Long Brandocks in Writtle, telephone: Chelmsford 421223.

D.F.

No, it's not too early to talk about D.F.! The dates of the qualifying rounds of the National Championship have been published and are as follows:

22nd April	1st July
13th May	15th July
3rd June	5th August
17th June	19th August

The final will be held on 16th September in the Rugby area. The locations of the qualifying rounds have yet to be decided.

The CARS hunt dates will be chosen shortly and published in the March Newsletter. Get those dusty top-band receivers out and join in with the fun.
